

Day One Thursday Dec 5th					
07:30	ABS Auditorium Foyer (Level B2) - Registration & Coffee				
08:30 – 09:45 ABS Auditorium Level B2	<p>Official Opening Chair: Fiona Godlee, Editor in Chief, BMJ Welcome to Country -- Uncle Chicka Madden Official Welcome - Laragh Gollgoly, Director ai, Strategy, Policy and Information, World Health Organisation</p> <p>OPENING Keynotes Anna Stavdal, president elect, World Organisation of Family Doctors Ana Rosengurtt, Citizen advocate leading the fight against mandatory breast cancer screening in Uruguay Barry Kramer, Former Director, Division of Cancer Prevention, U.S. NCI</p>				
09:45 – 10:00	Comfort Break				
10:00 – 11:00	<p>Commercial Drivers ABS LT 1040 Chairs – Carl Heneghan & Mary O'Keeffe</p> <p>A history of the 'paediatric bipolar disorder' epidemic: driving forces, iatrogenic consequences and lessons for psychiatric nosology - Peter Parry</p> <p>False hope, capitalising on fear, and cultural obstacles to heeding randomised trial evidence concerning secondary surveillance and metastasectomy in colorectal cancer - Tom Treasure</p> <p>How often do academic and community medical centers in the United States convey overdiagnosis on lung cancer screening websites compared to benefits and other harms? - Stephen Clark</p> <p>Conflicts of interest and the synthesis and dissemination of evidence for patients: a</p>	<p>Other ABS Seminar Room 2020 Chairs – Jesse Jansen & Brooke Nickel</p> <p>A systematic review of cost-effectiveness analysis in cervical cancer screening: How can overdiagnosis be included in cost-effectiveness analysis? - Chisato Hamashima</p> <p>Overdiagnosis: Epistemic uncertainty and ethical challenges - Bjorn Hofmann</p> <p>Analysis of morbidity and health care usage of patients with suspected thyroid disorders. A propensity-matched comparison - Johanna Tomandl</p> <p>Clinical pathways and cascade effects in patients after thyroid ultrasound early in the evaluation of suspected thyroid disorders. An analysis of German health insurance data - Susann Hueber</p>	<p>Other ABS Seminar Room 2050 Chairs – Denise O'Connor & Rachael Dodd</p> <p>Why are the harms of overdiagnosis treated less seriously than other iatrogenic harms? - Wendy Rogers</p> <p>Inappropriate hospitalisations, aggressive treatments, and insufficient deprescribing: the medicalisation of death from natural causes - Magnolia Cardona</p> <p>The extent of pharmacological overtreatment in frail older people. Are all prescribed medications indicated? - Dmitri Zintchouk</p>	<p>Other ABS Seminar Room 2060 Chairs – Paul Glasziou & Jolyn Hersch</p> <p>Defining and measuring overdiagnosis when there is no diagnosis of disease: The Experience of the Canadian Task Force on Preventive Health Care with overdiagnosis in the context of fracture risk assessment - Guylène Thériault</p> <p>Are we overdiagnosing Attention Deficit Hyperactivity Disorder (ADHD)? - Luise Kazda</p> <p>Overdiagnosis and Overtreatment of Latent Tuberculosis in Low Risk North American Health Care Workers: Stop this unproven, expensive, and potentially dangerous testing mandate - Carolyn Sachs</p> <p>Implementation of digital breast tomosynthesis (DBT) in population breast cancer screening: Results of the Trento DBT pilot - Nehmat Houssami</p>	<p>Other ABS Seminar Room 2240 Chairs – Iona Heath & Adrian Traeger</p> <p>Fashioning change in health care: the adoption and assimilation of technology - Vije Rajput</p> <p>Effectiveness of interventions aiming to reduce low value care in nursing: a systematic review - Tessa Rietbergen</p> <p>Listing low-value care practices in Dutch primary care - Simone van Dulmen</p> <p>Rate of antimicrobial prescription appropriateness for treating upper respiratory tract infections in Hajj - Hamid Bokhary</p>

	conceptual analysis - Rachel Thompson				
	Seminar - ABS Seminar Room 2290 The new Diagnosis: Prolonged Grief Disorder - What does it do to us, what does it do for us? - Niels Saxtrup, Peter Clement Lund, Christina Schacht-Magnussen & Ole Hartling			Seminar – ABS Seminar Room 2003 Disclosure is not enough: Reducing bias in guidelines through transparent conflict of interest policies – David Klemperer	
11:00 – 11:30	ABS Level 1 Catering Space – Morning Tea / Posters				
11:30 – 13:00 ABS Auditorium Level B2	Keynote – Commercial drivers of OD/commercial determinants of health Chair: Anna Stavdal, President-elect, World Organisation of Family Doctors Fiona Godlee, Editor in Chief, BMJ Adam Elshaug, University of Sydney Michael Shirley, personal perspective of overdiagnosis				
13:00 – 14:00	ABS Level 1 Catering Space - Lunch				
14:00 – 15:30	Commercial Drivers ABS LT 1040 Chairs – Carissa Bonner & Samantha Ross "Asset exchange": a qualitative study of interactions between Australian patient groups and the pharmaceutical industry - Lisa Parker Upstream solutions to overdiagnosis and overtreatment: the case of 'Low-T' - Barbara Mintzes Special Project #1: The Tobacco Industry, Alvan Feinstein and Lung Cancer Overdiagnosis. - Frederic Grannis Wearing your heart on your sleeve: Direct-to-consumer wearable technologies in atrial fibrillation detection - Patti Shih	Genomics / Other ABS Seminar Room 2020 Chairs – Nehmat Houssami & Gustavo Machado The potential for overdiagnosis from using genetic tests to predict risk of disease - Ian Scott Should we accept an intensive surveillance for patients with Li-Fraumeni syndrome? - Chisato HamashimaYu Ethical, legal and social implications of artificial intelligence systems for screening and diagnosis - Stacy Carter Personalizing Breast Cancer Screening Based on Polygenic Risk - Harry de Koning Optimising Patient Active Role in Chronic Disease Management with a User-Centered eHealth	Screening & ODx ABS Seminar Room 2050 Chairs – Carl Heneghan & Mina Motamedi The Burden of Cancer Overdiagnosis in Australia - Katy Bell Reflections on overdetection: longitudinal qualitative follow-up within a mammography decision aid trial - Jolyn Hersch Vitamin D test ordering practices of Australian general practitioners between 2007 and 2017: evidence from electronic health records - Gorkem Sezgin Long-term trends in prostate cancer incidence by stage at diagnosis in Japan using multiple imputation approach, 1993-2014 - Eiko Saito	ODx Musculoskeletal ABS Seminar Room 2060 Chairs – Magnolia Cardona & Romi Haas A controlled before-after study to evaluate the effect of a clinician-led policy to reduce knee arthroscopy - Ian Harris Effect of three types of information leaflets on intention to undergo diagnostic imaging for non-specific low back pain: a randomised controlled trial in patients and the general public. - Sweekriti Sharma More than just clinical education: a national low back pain visiting program to change GP practice - Karen Thrift Do different diagnostic labels for low back pain influence management preferences: an	Other ABS Seminar Room 2240 Chairs – Josh Zadro & Rachel Farber Patient and clinician interventions for opioid analgesic deprescribing in chronic non-cancer pain: a systematic review - Stephanie Mathieson Overdiagnosis from prenatal genetic tests: a qualitative exploration of the potential psychosocial consequences of prenatal genetic screening and diagnostic testing - Shannon McKinn General Practitioners', Nurses' and Pharmacists' Perceptions of Psychotropic Monitoring in Australian Aged Care Facilities - Aili Langford

	Industry Funding of Patient Groups: Systematic Review with Meta-analysis - Alice Fabbri	Platform (CONCERTO+): A Solution to Overuse? - Marie-Pierre Gagnon Overdiagnosis in the frail elderly population – empirical and ethical issues and a conceptual model to guide change - Kim Sutherland	Melanoma Trends in Black Americans and White Americans - Inferences on Overdiagnosis - Adewole Adamson Understanding the relief that ADHD diagnoses give parents, and then, 'the can of worms' - Gloria Wright	online randomised controlled study - Mary O'Keefe Reducing the overuse of knee arthroscopy in South-Eastern Regional Health Authority Norway - Ole Tjomsland Estimating unnecessary lumbar imaging rates in NSW Emergency Departments (ED) - Adrian Traeger	Overuse or informed patient choice? A pilot implementation study of a decision aid for women with early-stage breast cancer considering contralateral prophylactic mastectomy (CPM) - Jesse Jansen Womens' verdicts on consequences and labelling of gestational diabetes: a community jury - Rae Thomas Changing disease definitions in guidelines to prevent overdiagnosis: The COPD example - Corinna Schaefer
	Workshop – ABS Seminar Room 2003 Getting the message right. Talking with consumers about overdiagnosis - Robyn Lindner, Tara Montgomery & Kirsten McCaffery		Workshop - ABS Seminar Room 2290 Drivers and potential Solutions for Overdiagnosis: Perspectives from low- and middle-income countries – Thanya Pathirana, Matthew Wang, Ray Moynihan, Jin-ling Tang, Kumara Mendis, Raman Kumar, Fiona Godlee		
15:30 – 16:00	ABS Level 1 Catering Space – Afternoon Tea / Posters				
16:00 – 17:30 ABS Auditorium Level B2	Keynote – Genomics and precision medicine: risks and benefits – PANEL SESSION Chair: Chris Semsarian, University of Sydney Robyn Ward, Chair, Australian Medical Services Advisory Committee Brenda Wilson, Memorial University of Newfoundland Andrew Sinclair, University of Melbourne				
17:45 – 19:15 The Great Hall USYD	Reception featuring the Barayagal choir and Professor Lisa Jackson Pulver, Deputy Vice-Chancellor (Indigenous Strategy and Services), University of Sydney				
19:30	Networking/ informal dinner and drinks for early career individuals (but all welcome!) - The Rose Hotel, Chippendale (nearby pub, pay your way, no pre-registration required)				
Day Two Friday Dec 6th					
07:30 – 08:30	ABS Level 1 Catering Space - Registration - Combined with informal coffee & pastries drop in sessions				
08:30 – 10:00 ABS Auditorium Level B2	Keynote - Screening and Overdiagnosis - in Asia/Pacific region Chair: Alexandra Barratt, University of Sydney Jin-ling Tang, Women and Children's Medical Center of Guangzhou, Guangzhou, Guangdong Province, China Kota Katanoda, National Cancer Centre, Japan				

	Sanchia Aranda, CEO Cancer Council of Australia		
10:00 – 10:30	ABS Level 1 Catering Space – Morning Tea / Posters		
10:30 – 12:00	<p>Commercial Drivers ABS LT 1040 Chairs – Anna Stavdal & Priti Kharel</p> <p>Reducing Overdiagnosis in Prostate cancer screening and treatment: findings from the US VA PIVOT study and other randomized trials of observation and PSA-based monitoring in men with early prostate cancer and implications for improving healthcare value - Timothy Wilt</p> <p>Pharmaceutical industry payments to thought leaders in cardiovascular disease and diabetes - Emily Karanges</p> <p>The Epidemic of Prediabetes – New Evidence on the Corporate Drivers - John Yudkin</p> <p>Data commercialisation by developers of medicines-related apps – risks of overtreatment and overdiagnosis - Kellia Chiu</p> <p>The commercial drivers of overdiagnosis – a survey of the commercial screening space in USA - Stuart Hogarth</p> <p>The use in of antipsychotic medications and mortality in elderly population in Poland: pharmacoepidemiologic study - Pawel Zagodzón</p>	<p>Screening & ODX ABS Seminar Room 2050 Chairs – Kevin McGeehan & Martina Salib</p> <p>Views of healthcare professionals on issues around Ductal Carcinoma in Situ detected through an expanded mammography screening program - Jolyn Hersch</p> <p>Is the 2013 ACC/AHA Pooled Cohort Risk Equation for predicting cardiovascular disease appropriate for Australian population? - Loai Albarqouni</p> <p>A Systematic Review and Meta-Analysis of the Prevalence of Left Ventricular Non-Compaction in Adults - Samantha Ross</p> <p>Health professionals' experiences of implementing new guidelines for cervical screening in Australia - Rachael Dodd</p> <p>Understanding the use of prostate biopsy for the diagnosis of prostate cancer in Australian men: Analysis of the NSW 45 and Up Study - Karen Chiam</p> <p>Focusing on the Mother/Baby Dyad: Let's Aim for Healthy Mothers as well as Healthy Babies – Sally Cusack</p>	<p>ODx & the Media ABS Seminar Room 2020 Chairs – Rae Thomas & Tomas Rozbroj</p> <p>The Melanoma Epidemic – It Can't Be All About the Sun & Tanning Beds - Adewole Adamson</p> <p>Accuracy of the media coverage of The Lancet low back pain series - Mary O'Keeffe</p> <p>Testing men for prostate cancer – where is the sweet spot? - Harry de Koning</p> <p>How to define a syndrome: Some suggestions for the empirical definition of sets of signs and symptoms - Matthew Sunderland</p> <p>The Factors Driving Overdiagnosis of Chest Sepsis in Children - Jillian McKenna</p> <p>Media uptake of safety advisories issued by drug regulators: a case study of citalopram and denosumab - Alice Fabbri</p>
	<p>Workshop - ABS Seminar Room 2060</p> <p>The concept of informed choice during the screening process - Christina Damhus</p>	<p>Workshop - ABS Seminar Room 2290</p> <p>Communicating about Choosing Wisely Patients and the Public: Opportunities and Challenges to Consider Equity – Derek Sherwood, John Bonning, Guylène Thériault & Anna Adcock</p>	<p>Workshop – ABS Seminar Room 2003</p> <p>Cochrane Sustainable Healthcare - an idea for a new Cochrane Field - Minna Johansson</p>
12.00 – 13:00 ABS Auditorium Level B2	<p>Special Plenary: Overdiagnosis and the Media – lighter panel session with researchers and audience pitching live story ideas to hardened journalists Chairs: Ray Moynihan, Bond University & Kirsten McCaffery, University of Sydney Journalists: Fron Jackson-Webb, Health Editor and Deputy Editor, The Conversation; Kate Aubusson, Health Editor, The Sydney Morning Herald Researchers: Dr Brooke Nickel University of Sydney, Dr Mary O'Keeffe, University of Sydney, Professor Paul Glasziou, Bond University</p>		
13:00 – 14:00	ABS Level 1 Catering Space - Lunch		

14:00 – 15:30	<p>ODx Musculoskeletal / Other ABS LT 1040 Chairs – Karsten Jorgensen & Mamata Tamrakar</p> <p>De-implementation of MRI's and arthroscopies in degenerative knee disease - Tessa Rietbergen</p> <p>Preference-sensitive multi-criterial decision support can avoid the over-testing produced by mono-criterial guidelines: the case of bone health - Vije Kumar Rajput</p> <p>Consumer understanding of terms used in imaging reports requested for low back pain - Caitlin Farmer</p> <p>Acute low back pain in Australian general practice: image requests according to Medicine Insight - Melissa Chapman</p> <p>Ideas, Concerns and Expectations (ICE) in General Practice consultations - Report of a mixed methods study - Larissa Burggraf</p> <p>Preference-sensitive person-centred care can only involve 'mis-', not 'over-' or 'under-' : the use of any cut-offs, not particular ones, is problematic - Michelle Cunich</p>	<p>Screening & ODx ABS Seminar Room 2050 Chairs – Frederik Martiny & Olivia Mac</p> <p>A snapshot of prostate-specific antigen testing in general practices across three Primary Health Networks in Victoria - Guilherme Franco</p> <p>Implementing primary HPV testing and extended screening intervals: Psychological impact of HPV results 12 months after implementation of the renewed Cervical Screening Program in Australia – Rachael Dodd</p> <p>Kidney trajectory charts to guide management of reduced kidney function in General Practice: a randomised controlled scenario study - Michelle Guppy</p> <p>Has the transition to digital mammography in breast cancer screening resulted in real benefits? - Rachel Farber</p>	<p>ODx & the Media ABS Seminar Room 2020 Chairs – Tara Montgomery & Rachel Thompson</p> <p>Media coverage of calls to rename low risk cancers: a content analysis - Brooke Nickel</p> <p>The role of American College of Physicians Clinical Guidelines on Improving Healthcare Value and reducing harms of overdiagnosis and overtreatment: example from breast and colorectal cancer screening - Timothy Wilt</p> <p>Heart Age: intuitive communication tool or gateway to overdiagnosis? A comparison of 3 countries - Carissa Bonner</p> <p>Media coverage of the benefits and harms of testing the healthy: a descriptive study - Mary O'Keeffe</p> <p>Do we understand benefits and harms of medical screening? Information material focusing on informed choice, when invited to cervical cancer screening - Christina Damhus</p>
	<p>Workshop - ABS Seminar Room 2240</p> <p>Preventing overdiagnosis in the first months of life - Pamela Douglas</p>	<p>Workshop - ABS Seminar Room 2290</p> <p>Developing a scale to measure clinician knowledge, understanding, attitudes and practices around overdiagnosis - Fiona Stanaway</p>	<p>Workshop – ABS Seminar Room 2060</p> <p>The importance of sharing information on overdiagnosis for decision making? Experiences and perspectives from different countries - Guyène Thériault</p>
15:30 – 16:00	ABS Level 1 Catering Space – Afternoon Tea / Posters		
16:00 – 17:00 ABS Auditorium Level B2	The Lisa Schwartz Lecture Steve Woloshin		
18:00	Social: 17:00 – 18:00 public ferry across Sydney Harbour to the conference dinner at the Taronga Centre, Taronga Zoo; 18:00 – 22:00 conference dinner		
Day Three Saturday Dec 7th			
08:00 – 09:30	ABS Auditorium Foyer (Level B2) - Registration & Coffee		

08:30 – 09:30	<p>ODx Musculoskeletal ABS LT 1040 Chairs – Sachiko Ohde & Sweekriti Sharma</p> <p>Discharge analgesia prescriptions in musculoskeletal patients presenting to Australian Emergency Departments: A twenty-year retrospective analysis - Martina Salib</p> <p>Assessment of the content of lumbar spine plain radiograph reports requested by emergency doctors: a pilot study - Romi Haas</p> <p>Evaluating a patient decision aid for people with degenerative knee disease considering arthroscopic surgery: Protocol for a randomised controlled trial - Denise O'Connor</p> <p>How do we contract for 'Value' across the musculoskeletal system and reduce overdiagnosis and overtreatment? Initiatives for Physiotherapy, Imaging and Procedures reviewed from Impact, Economic and Policy Perspectives: Lessons from Models of Care in the UK - Imran Sajid</p>		<p>Other ABS Seminar Room 2003 Chair/s – Patti Shih</p> <p>To do or not to do? Reducing eight low-value care practices in the Netherlands - Eva Verkerk</p> <p>How can we help general practitioners in reducing low-value care: a survey study - Tijn Kool</p> <p>The effect of different communication strategies about stopping cancer screening on intention to screen and cancer anxiety: a randomised online study in older adults - Jenna Smith</p> <p>Factors for successful de-implementation: process evaluation of a Dutch national project on reducing low-value care - Eva Verkerk</p>		<p>Other ABS Seminar Room 2020 Chairs – Zoe Michaleff & Shannon McKinn</p> <p>ADHD: Yes we have the data but do we have the disease? - Sheelah Mills</p> <p>Medical Maximizing-Minimizing and Patient Preferences for High and Low-Benefit Care, Perceived Acceptability of Recommendations Against Low-Benefit Care, and Patient Satisfaction - Laura Scherer</p> <p>Reanalysis of the Treatment for Adolescents with Depression Study (TADS) under the Restoring Invisible and Abandoned Trials Initiative (RIAT) - Natalie Aboustate</p> <p>How residents deal with high-value, cost-conscious care; a qualitative study - Lorette Stammen</p>	
	<p>Seminar - ABS Seminar Room 2050</p> <p>Preventing diagnostic disorientation is the key to preventing overdiagnosis – Daniel Sager</p>		<p>Seminar - ABS Seminar Room 2060</p> <p>Aspects of current Evidence-based medicine facilitating overdiagnosis – Christoffee Bjerre Haase</p>		<p>Seminar - ABS Seminar Room 2240</p> <p>De-diagnosis and de-prescribing – why they go hand in hand – Ian Scott</p>	
09:30 – 11:00 ABS Auditorium Level B2	<p>Keynote – Women's Health and Overdiagnosis Chair: Stacy Carter Tessa Copp, University of Sydney Robin Bell, Monash University Iona Heath and Jenny Doust, Bond University will Join for panel discussion.</p>					
11:00 – 11:15	<p>ABS Level 1 Catering Space – Morning Tea / Posters</p>					
11:15 – 12:15	<p>ODx Musculoskeletal ABS LT 1040 Chairs – Jodie Ingles & Kristie Weir</p> <p>Interventions for improving the appropriate use of imaging in people with musculoskeletal conditions: an</p>		<p>Other ABS Seminar Room 2003 Chairs – Karsten Jørgensen & Thanya Pathirana</p> <p>Can modifying imaging reports improve clinical care and improve health</p>		<p>Other ABS Seminar Room 2020 Chairs – Katy Bell & Danielle Muscat</p> <p>Breast biopsy patterns and findings among older women undergoing screening mammography; what is the</p>	
					<p>Other ABS Seminar Room 2050 Chairs – Minna Johansson & Jenna Smith</p> <p>Effect of a lung cancer screening decision aid on understanding of overdiagnosis - Stephen Clark</p>	

	<p>update of a Cochrane review - Romi Haas</p> <p>Translating a Clinical Care Standard for Knee Osteoarthritis into Routine Clinical Care: A Systematic Scoping Review to Inform Implementation Planning - Denise O'Connor</p> <p>Opioid therapy patient agreements: a lever in shifting the focus from pharmacological to non-pharmacological interventions in chronic pain management - Joy Gailer</p>	<p>outcomes? A systematic review - Caitlin Farmer</p> <p>Medico-legal experts' views on psychosocial drivers of defensive practice: a qualitative interview study - Nola Ries</p> <p>Towards full accounting of the impacts of overtesting: case study of the environmental footprint of common ICU tests - Scott McAlister</p> <p>The acceptance of polypharmacy use in older age: implications for implementing deprescribing strategies - Robyn Gillespie</p>	<p>impact of age and comorbidity? - Dejana Braithwaite</p> <p>Under-Recognised Implications of Overuse and Misuse in Low-Resource Settings and Emerging Healthcare Markets: Narratives from "remote" Northern Quebec and Rwanda - Geneviève Bois</p> <p>Are prophylactic hemostatic clips in post-polypectomy overused? - Marc Rhains</p> <p>The impact of the changes to the criteria for the diagnosis of gestational diabetes mellitus on perinatal outcomes: a systematic review - Loai Albarqouni</p>	<p>A "screening epidemic" in the WHO Europe region - María Lasiera Losada</p> <p>Untreated mental illness: Ideology trumps evidence, fuelling overdiagnosis - Melissa Raven</p> <p>Temporal trends in the management of women diagnosed with DCIS of the breast in Australia and New Zealand - Rachel Farber</p>
	<p>Seminar - ABS Seminar Room 2240</p> <p>Implementation and de-implementation: discussing the difference - Simone van Dulmen</p>	<p>Seminar - ABS Seminar Room 2290</p> <p>Overdiagnosis in Multimorbidity: A Global Challenge - Alexandra Brandt Ryborg Jønsson</p>	<p>Seminar - ABS Seminar Room 2060</p> <p>What's in a name? Defining and labelling disease and its role in reducing overdiagnosis and overtreatment - Kirsten McCaffery</p>	
<p>12:15 – 13:00</p>	<p>ABS Level 1 Catering Space - Lunch</p>			
<p>13:00 – 14:30</p>	<p>Other ABS LT1040 Chairs – Steve Woloshin & Julie Ayre</p> <p>A Mapping Review of Empirical Research on Defensive Practice - Nola Ries</p> <p>Evaluating the Choosing Wisely questions: A pilot study of methods to engage consumers in health decisions across health literacy levels - Danielle Muscat</p> <p>Flaws in the NLST Lung Cancer Screening Trial - Don Benjamin</p> <p>In older people, the association between diabetes medication group and hypoglycaemia, cardiovascular disease, and mortality: prospective primary care-based cohort study 2010-2016 - Katharine Wallis</p> <p>The economic evidence for deprescribing medications and implications for overtreatment: a systematic review - Alexander Clough</p>	<p>Other ABS Seminar Room 2020 Chairs – Tara Montgomery & Caitlin Farmer</p> <p>Peripheral Arterial Disease screening in Slovakia – Why, by Whom and How - Katarina Dostalova</p> <p>Perspectives of deprescribing experts on opioid overtreatment in Australia: a focus group study - Carl Schneider</p> <p>Physical harms resulting from colorectal cancer screening - a comparison between a new systematic review and former randomised controlled trials - Anne Katrine Lykke Bie</p> <p>Use of screening research to boost overdiagnosis: the MyPeBS trial - Jean Doboventzky</p> <p>Overdiagnosis in terminally ill patient - Katarina Dostalova</p>	<p>Other ABS Seminar Room 2050 Chairs – Karsten Jorgensen & Luise Kazda</p> <p>Overestimation bias in validation of medical instrument: A new Agreement Model to complement the Bland-Altman Analysis - Rafdzah Zaki</p> <p>Reducing overuse of low value imaging: a systematic review - Tessa Rietbergen</p> <p>Is magnetic resonance imaging in prostate cancer a possible avenue for reducing overdiagnosis? - Marc Rhains</p> <p>Evaluation of prescription of blood tests in Family Medicine in Portugal according to Evidence Based Medicine - Margarida Gil Conde</p> <p>Medical overuse: How to define, detect and prevent? - Morteza Arab-Zozani - Streaming</p>	

	Challenges in Interpreting Trends in Breast Cancer ER Subtypes – Barbara K Dunn		
	Workshop - ABS Seminar Room 2003 Quaternary prevention as a tool to prevent overdiagnosis in the clinical practice – Carlos Martins	Workshop - ABS Seminar Room 2060 How should we communicate about overdiagnosis? When we talk about overdiagnosis, what do people hear? – Stacy Carter	Workshop - ABS Seminar Room 2240 "Incidentalomas" in Diagnostic Imaging: the role of the radiologist in over-investigation and over-diagnosis - Richard Mendelson
14:30 – 16:00 ABS Auditorium Level B2	Keynote - Addressing Overdiagnosis and Overtreatment in Musculoskeletal Conditions Chair: Stephanie Mathieson, University of Sydney Rachelle Buchbinder, Monash Department of Clinical Epidemiology, Cabrini Institute and Monash University Teppo Jarvinen, University of Helsinki Christopher Maher, University of Sydney		
16:00	Closing Comments – invitation to PODC2020
