

Make an informed choice

SCREENING MAMMOGRAPHY

for women aged between
50 and 74 years

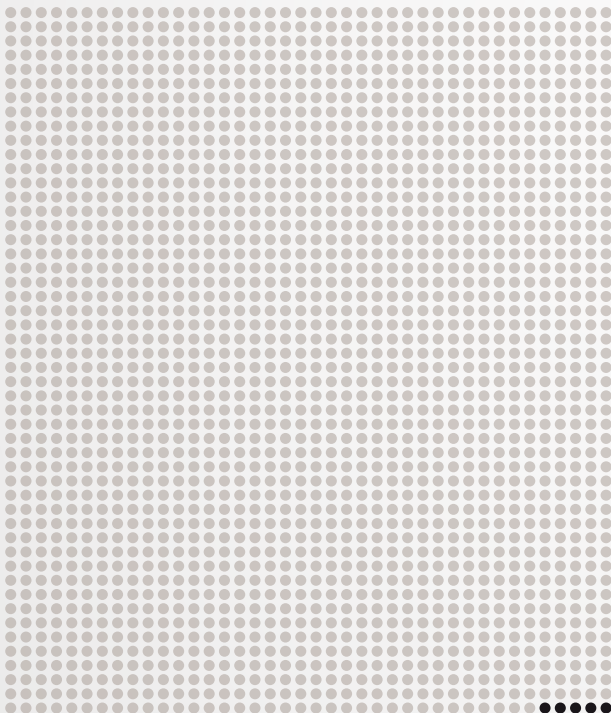

It's MY
choice

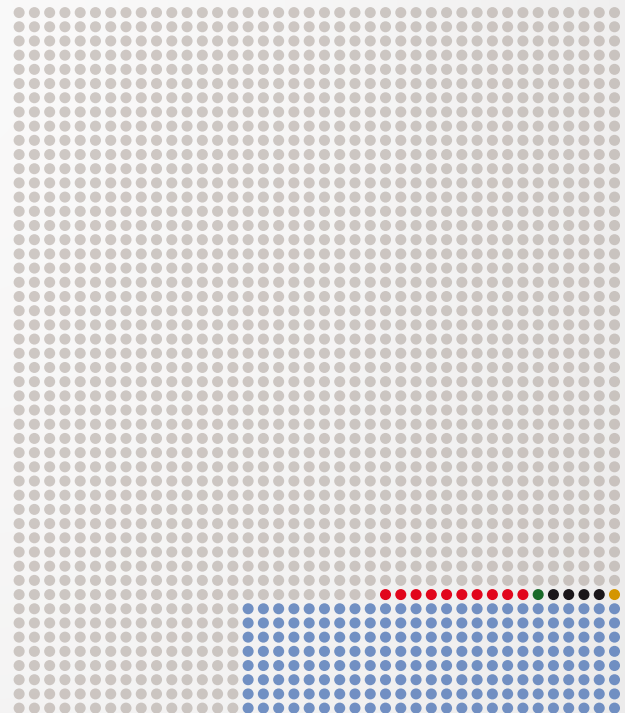

For 2000 women
Without screening

< Over
10
years >

For 2000 women
With screening

5 die from breast cancer

10 overdiagnosed and treated unnecessarily
1 life shortened by treatments' harms
4 die from breast cancer
1 prolonged life
At least 200 false alarms
